

Divanadium trisulphate
EINECS No. 237-226-6; CAS No. 13701-70-7

The purpose of the Pre-SIEF is for REACH Pre-Registrants to agree upon '**sameness**' of substance.

Pre-registrants that agree upon the sameness of substance will then pass into the Substance Information Exchange Forum (SIEF) for that substance, where the data-sharing discussion begins and is coordinated by the SIEF Facilitator.

All pre-registrants for **divanadium trisulphate** have received an e-mail to participate in the 'Substance Sameness' discussion. Your response to that survey is your participation in the Pre-SIEF 'sameness' discussion. **If you would like to receive the 'Substance Sameness' survey**, please contact the [Vanadium Consortium](http://www.vanadiumconsortium.com). **The typical composition for this substance can be checked below.**
